

	AGENDA ITEM NO. 6
	OVERVIEW AND SCRUTINY COMMITTEE
Date	6 AUGUST 2012
Title	OUTSIDE BODY APPOINTMENT FEEDBACK

1. PURPOSE/SUMMARY

To advise the Overview and Scrutiny Committee of the proposed mechanism for Elected Members to report back on the activities of Outside Bodies.

2. KEY ISSUES

The Council appoints Elected Members to represent it on a range of Outside Bodies, both at national and local level. Such appointments ensure that the Council's interests and therefore the people of Fenland are represented within key agencies.

Recent years have seen a general rise in the workload of Councillors. As a result the Council has previously undertaken a review of Outside Body appointments to ensure representatives are appointed to organisations of strategic or district wide importance and in line with the corporate aims of the organisation.

At present the District Council does not have a formal mechanism in place which effectively enables Members to feedback to their fellow Councillors on the activities of the outside bodies they have been appointed to.

3. RECOMMENDATION(S)

That the Overview and Scrutiny Committee agrees the recommended feedback mechanism in relation to Outside Bodies as follows;

- Utilise the effective established processes already in existence for feeding back information to the Overview and Scrutiny Committee.
- Provide designated opportunities within the Overview and Scrutiny work programme for feedback from and to Outside Bodies
- Include feedback received from the Outside Bodies in the Overview and Scrutiny Committee Annual Report.

Wards Affected	All
Portfolio Holder (s)	Councillor Pop Jolley Overview and Scrutiny Chairman PJolley@fenland.gov.uk Councillor John Chambers Overview and Scrutiny Committee Vice Chairman jchambers@fenland.gov.uk

Contact Officer(s)	Carol Pilson Corporate Director cpilson@fenland.gov.uk Anna Goodall Head of Governance and Legal Services agoodall@fenland.gov.uk
Background Paper(s)	None

1. INTRODUCTION

The Council appoints Elected Members to represent it on a range of Outside Bodies, both at a national and local level. Such appointments ensure that the Council's interests and therefore citizens of Fenland are represented within key agencies.

The Council recognises the value and contribution outside organisations make to the wider community. Members also welcome the opportunity for the Council to be represented on outside organisations which operate within Fenland.

2. CURRENT POSITION

In terms of the Council's scheme of administration all Outside Body appointments are considered by a Member of Cabinet and approved by Council. The Member Services Team maintains a list of all appointments in addition to holding information about the role and objectives of each of the Outside Bodies. This process ensures the appointments to Outside Bodies are focussed on providing benefit to the Council.

At present the Council appoints to 72 Outside body organisations, several of which are similar in their nature and therefore tend to have the same Fenland District Councillor representatives for consistency.

Feedback is an excellent vehicle to communicate the Council's involvement in outside bodies to the wider community. It is important for the Council to receive feedback on issues affecting outside organisations where Members are nominated to represent the Council.

3. KEY ISSUES

Members' feedback demonstrates transparency in local government through the open reporting of their activities and involvements with and on behalf of the Council with Outside Bodies.

Any proposed feedback mechanism would have to take account of the Elected Members duty of confidentiality to the Outside Body as outlined in the Councillor Code of Conduct.

The organisations which the Council currently appoints representatives on are listed at Appendix 1.

In view of the strategic wide importance of appointments to Outside Bodies, regular reporting back to Overview and Scrutiny, of work undertaken by representatives appointed to these organisations, is encouraged. The precedent of sharing information with the Overview and Scrutiny Committee is already well established as the panel receives updates in relation to performance of the corporate priorities which are delivered by the District Council and its partners, including information about pertinent outside bodies is a further logical extension to that established and successful approach.

It is therefore suggested that the Overview and Scrutiny work programme includes two opportunities per annum for Members appointed to outside bodies, by invitation of the Overview and Scrutiny Committee, to share their involvement and activities. The Overview and Scrutiny Committee can also take the opportunity to feed into any decisions being taken by Outside bodies in a proactive manner.

The feedback received from and input to Outside bodies can then be shared more widely with Council via the Overview and Scrutiny Committee Annual Report, thus ensuring effective and transparent flows of information.

4. CONCLUSION

Members of the Overview and Scrutiny Committee are asked to agree the feedback mechanism in relation to Outside Bodies which will ensure the effective flow of information from and to Outside Bodies utilising processes which are already well established and effective.

That the Overview and Scrutiny Committee submit this recommendation to Council to enable the recommended changes to be implemented in the Autumn of 2012.
