

APPLICATION NO: \_\_\_\_\_

**SITE LOCATION:** Land east of 3 to 9 Linley Road, Whittlesey

### **UPDATES**

3 neighbouring residents have submitted further comments in relation to the application as follows:

- The lowering of the wall will not improve visibility;
- Increased traffic;
- The retention of the wall will reduce visibility for the access to 9 Linley Road;
- Removal lorries and delivery vehicles will block existing residents access;

Matters of highway safety have already been addressed within the main report. Issues with regards to vehicles blocking access points are matters for the police and are not within the remit of a planning application to control.

**RESOLUTION – Grant as per page 93 of the agenda.**
