Your Job and Getting to Work

Your employer will work with you to make sure you can stay safe at work – this may include things such as

- Different start and finish times
- One way routes through the building where you work
- Limiting the number of people who can use a kitchen area at any one time

- Providing more places for you to wash or sanitize your hands
- Putting up barriers between you and the people you work closely with

If you or someone you live with gets symptoms of Covid-19 you must get a test

What are the symptoms of Covid-19?

A high temperature

A new cough that does not stop (continuous)

A loss of smell or taste

How to get a test for Covid-19

Visit a walk in or drive through testing unit – you do not need to book, just turn up

Book online at **www.nhs.uk/ask-for-a-coronavirus-test**

119

Or Call 119

If you have to self-isolate, you must not go to work. Let your employer know that you will not be able to go to work. We understand this can be hard - there is advice and support to help you do this.
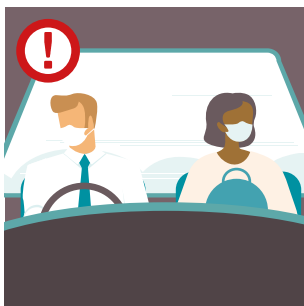

Call 0345 045 5219 to be put in touch with this support in your local area

Some people share cars or mini-vans to get to work.

Try not to share a vehicle with those outside your household or social bubble. If you do need to do this, you should try to:

**Share the transport with the same, small group of people each time**

**All wear face coverings (passengers and driver)**
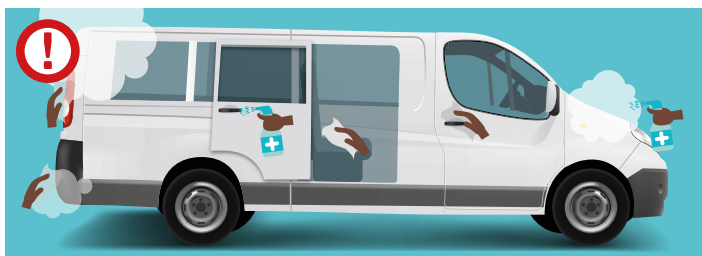

Open windows for ventilation

Travel side by side or behind other people

Face away from each other

Try to sit as far away from others in the vehicle

Clean the vehicle between journeys using standard cleaning products.

Make sure you clean door handles and other areas that people may touch
